---

A developer that is seeking to secure a position where I can apply my technical skills with my creative abilities to grow in a working relationship. I am passionate about building websites with an appealing frontend paired with a well structured backend from mockup to release.

## EDUCATION

---

### **Bachelors Degree in Computer Science, University of Central Florida** (2020)

- Pursuing a minor in mathematics.

### **Coding Bootcamp Diploma, University of Central Florida** (2018)

- Fast-paced and immersive curriculum covering the MERN stack.

### **Associates Degree in General Studies, Valencia College** (2017)

- President's List - Earned at least a 3.75 GPA in all coursework.

## TECHNICAL SKILLS

---

Javascript, jQuery, React, Redux, Node.js, C, Java, MySQL, MongoDB, Firebase, Heroku, HTML, & CSS/SCSS.

Adobe certified in visual communication and digital media design using Photoshop and InDesign.

## PROJECTS

---

### **Daily Diary**      [Website](#)    [Github](#)

- Take note of how your day went and reference it from anywhere.
- Built using React, Redux, Node.js, Express, MongoDB, Mongoose, Redis, and Passport.

### **Game Guide**      [Website](#)    [Github](#)

- Quickly search for video game information and browse the latest news.
- Built using React, Node.js, Express, and data provided by IGN and IGDB API's.

### **Personal Planner**    [Website](#)    [Github](#)

- Plan out your personal tasks in a clean and organized way.
- Built using React, Redux, Node.js, Express, Firebase, and SCSS.

## WORK EXPERIENCE

---

### **Admissions Support at Remington College** (December 2016 - July 2017)

- Ranked top admissions representative in a department of 35 representatives.
- Exceeded goal conversions at above 325% for the March start analysis.

### **Assistant Manager at AAA Int'l Shipping** (April 2013 - October 2016)

- Point of contact for any customer related questions or issues.
- Assisted with the training and development of new staff.
- Created website mock-ups and ensured quality control during development phase.
- Handled graphic design; created newsletters, infographics, and advertisements.
